There is plenty of water in the river this summer for all purposes of irrigation, and the summer floods are at hand.

Col. Bob Williams came down from Silver King, Wednesday, to protect against being raised out of his boots by the board of equalization.

Fresh goods in every department are being received by Wildman & Co.

Messrs. A. F. Barker, J. G. Keating and others are organizing a base ball club and the national game will be played in Florence according to the popular rules.

The taxpayers will find very much to interest them in the report of the board of equalization published elsewhere. Where says this isn't a good raise in county?

Mr. A. T. Bellamy and family, Mrs. J. G. Keating and child and Miss Ada Peyton, started last Saturday for Pioneer, Gila county, where they will spend the summer.

Mr. and Mrs. T. F. Weedin went to Casa Grande Tuesday afternoon, to meet Thos. G. Peyton, a son of Mrs. Weedin, who arrived from Dallas, Texas, to remain with his mother.

The Florence base ball club organized by electing Geo. W. Campbell, president; A. F. Barker, secretary and treasurer and R. Stone captain. There will be a regular weekly practice until the club feels sufficiently proficient to contest with some of the neighboring clubs.

A party of gentlemen and ladies started Monday morning for Eaton's mills, on the Pinal mountains, between Pioneer and Globe for a week's outing. It was composed of Messrs. W. W. Porter, E. P. Drew, Sid Bartleson, Messrs. Fannie and Nellie Bartleson and Mattie Eikel.

Jesse Handesty, Esq., of former district attorney for this county, was recently placed on trial in Los Angeles for using boisterous and threatening language towards a fellow citizen of that angelic city, and acquitted. Jesse's long sojourn among the angels has not evidently softened the bitterness of his nimble tongue.

Mr. Frank Reynolds returned from De Noon Monday. He held the contract for drilling a well at that place for the Reymont Mining Company, but met with such formidable obstacles before reaching any great depth that he was compelled to abandon the work. Crevices were encountered in the hard rock that pitched at so slight an angle that the drill could not be forced to cut it, and the casing was swayed away from the perpendicular.

Mr. Reynolds sold his tools to the company and Mr. W. P. Banrick will complete the well by first sinking a shaft to the obstructions and then resuming the drill.

While the merits of the various blood purifiers are being shown up to the best advantage possible by their several manufacturers, we would suggest to persons feeling the need of one, a medicine, that they try a dose of St. Patrick's Pills, and assure them that they will not only be surprised but delighted with the result. Those who wish to feel the animation, buoyancy and clear headedness of youth, should take St. Patrick's Pills. For sale by Thos. F. Weedin.

The plans prepared for the construction of the new store building of Messrs. W. C. Smith & Co. in this place show a very substantial and highly ornamental structure. The front will be of galvanized iron and the handsome design of the kind in Arizona. All the iron materials and lumber will probably reach here before the first of August, and so soon as they arrive the work of construction will begin, as the brick is already on the ground and the foundation solidly laid. The contracts for erecting the structure have been let and Mr. Fred Adams will have charge of the whole work. The building will be ready for occupancy some time in December and it will be one of the best and handsomest business buildings in the territory.

Advice to Mothers.
 Mrs. WISLON'S SOOTHING SYRUP, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething the child is inexcusable. It relieves the child from pain, cures dysentery, and diarrhoea, giving in the bowels and wind-colic. By giving health to the child it rests the mother. Price 25c. a bottle.

The Buttes.

Mr. W. A. McGinniss, a civil engineer of Phoenix, while visiting this valley, has been engaged to make a survey of the Butte reservoir site with a view to estimating its storage capacity, width, length, general contour, fall of the river and height of dam available. He completed the work last Sunday and will shortly prepare a map showing the project. He is enthusiastic over the project for a reservoir at the place, and says he had no idea that such a perfect natural reservoir existed in this country. He found that a dam could be economically constructed 160 feet high, although it can be made much higher, but at much larger proportionate expense. The fall of the river through the basin is about ten feet to the mile, and very uniform, which would give a back-water for a distance of sixteen miles above the dam. He says that should he make an error in computation of six or ten millions of cubic feet of water in estimating the capacity of the reservoir the amount will be insignificant compared with its aggregate capacity. When Mr. McGinniss completes his report it is hoped THE ENTERPRISE will be enabled to give a synopsis to its readers.

Mr. F. J. Smith, Editor of the Ft. Abercrombie, Dakota, Herald, says: "The most wonderful medicine I have ever met with, is Chamberlain's Colic, Cholera and Diarrhoea Remedy. In case of colic it gives speedy relief. On hunting trips I have found it indispensable. Put in alkali water, it imparts a pleasant taste and prevents the painful diarrhoea, which alkali water produces. I could not feel safe without it in my house." 25 and 50 cent bottles for sale by Thos. F. Weedin.

Mr. C. T. Shaw came down from De Noon on Tuesday, and left the same day for a journey to Seattle, Washington Territory, where he will reside in the future.

Not a fit, but an expression of delight. "About a week ago," says a Los Angeles, Cal. druggist, "a Chinaman came in with a lame shoulder. I sold him a bottle of Chamberlain's Pain Balm and guaranteed that it would cure him. He came in again last night and as soon as he got inside the door, began to swing his arms over his head like an Indian club swinger. I thought the blamed fool had got it, but he stopped long enough to say: 'Medicine velly fine, velly fine; all same make me feel plenty good.' Chamberlain's Pain Balm is without an equal for pains, rheumatism, aches, pains or lame back. For sale by Thos. F. Weedin's Drug store."

Mrs. Poppelwell of Pinal, started for California on Tuesday, to make a visit of several weeks.

Mr. A. S. Donau, representing I. Zeckendorf & Co., Tucson, visited Florence this week.

A Scrap of Paper Saved Her Life.
 It was just an ordinary scrap of wrapping paper, but saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another, and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For fuller particulars send stamp to W. H. Cole, Druggist, Fort Smith, Ark. Bottles of this wonderful Discovery Free at Thomas F. Weedin's Drug store.
